ABOUT PEC

Protective Enclosures Company (PEC) is an A+ BBB rated privately held, US-based manufacturer of affordable, lightweight, weatherproof, and secure protective enclosures for TVs and digital displays/signage. PEC's The TV Shield®, The Display Shield®, The TV Shield PRO®, The TV Shield PRO Lite®, The TV Shield PRO Portrait®, and The TV Shield E-Series™ TV and display enclosures are popular with residential, professional, and commercial customers.

PEC stands committed to providing the most user friendly, affordable, versatile, and highly engineered protective enclosures in the industry. PEC is fueled by a desire to create US-based jobs and manufacture the highest quality products. From top to bottom, the PEC team is committed to the research and development of solutions-based products to protect equipment in outdoor residential installations and harsh or extreme indoor and outdoor commercial environments. Professional AV installers trust PEC's proprietary patented enclosures for installation in residential applications as well as arenas, stadiums, theme parks, restaurants, bars, airports, healthcare facilities, hotels, schools, training facilities, government buildings, retail environments, institutions, and a wide variety of additional locations. As of 2023, PEC's enclosures protect TVs, digital displays, and digital signage in over 38,000 locations in 53 countries!

PROTECTION & FEATURE OPTIONS

From weatherproof, tamper-resistance, shatterproof screen protection, water-resistance, temperature regulation, and UV defense to pest-control and more, we protect TVs and displays from almost any threat.

TOUCH SCREEN ENCLOSURES

Enjoy TV and display protection plus touch screen capabilities. Ask us about our interactive touchscreen capable TV enclosure solutions.

ANTI-LIGATURE ENCLOSURES

Our sloped top TV enclosure solution is designed to be used in environments where anti-ligature requirements are in place to prevent intentional or accidental self-harm to patients or others.

PERFECT FOR

Our enclosures are perfect for homes, manufacturing facilities, hospitals, behavioral centers, healthcare facilities, schools, arenas, stadiums, theme parks, restaurants, bars, airports, hotels, museums, government buildings, retail environments, institutions, and a wide variety of additional locations.

Anti-glare front panels and fans are standard or available for most units. * Sizes are based on the outer frame dimensions of the TV or display. Please measure the outside dimensions of the unit, or the planned model, and compare to the inside dimensions listed to verify the appropriate fit. The TV Shield and The Display Shield dimensions can have a variance of up to .25" +/- due to the HMWPE plastics. ** The Display Shield product weights include fans.
